Do not expose to temperatures exceeding 50°C/122°F.		
Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. IF INHALED: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center/doctor if you feel unwell. If eye irritation persists: Get medical advice/attention. Store in a well-ventilated place. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.		Wash thoroughly after handling.
IF INHALED: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center/doctor if you feel unwell. If eye irritation persists: Get medical advice/attention. Store in a well-ventilated place. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.		Use only outdoors or in a well-ventilated area.

	on/information on ingredients	
Chemical cl Chemical D	haracterization: Mixtures escription: This product is a mixture of the substances listed below with nonhazardous additions.	
	components:	
67-64-1	Acetone	15-25%
	propane	10-15%
110-19-0	Isobutyl Acetate	10-15%
106-97-8	n-butane	5-10%
13463-67-7	titanium dioxide	5-10%
64742-89-8	VM&P Naphtha	5-10%
67-63-0	Isopropyl Alcohol	1-5%
14807-96-6	Talc	1-5%
123-86-4	butyl acetate	1-5%
64742-47-8	Mineral Spirits	1-5%

4 First-aid measures

After inhalation: After skin contact: After eye contact: Supply fresh air; consult doctor in case of complaints. Remove contaminated clothing. Wash exposed area with soap and water. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. (Contd. on page 2) Safety Data Sheet

After swallowing: Most important symptoms and effects: Indication of any immediate medical attention needed:	(Contd. of page 1) Rinse out mouth and then drink plenty of water. Rinse mouth with water. Do not induce vomiting. Dizziness No further relevant information available.
5 Fire-fighting measures Extinguishing agents: Special hazards: Protective equipment for firefighters:	CO2, extinguishing powder or water spray. Fight larger fires with water spray. No further relevant information available. A respiratory protective device may be necessary.
6 Accidental release measures Personal precautions, protective equipment and emergency procedures: Methods and material for containment and cleaning up:	Wear protective equipment. Keep unprotected persons away. Use respiratory protective device against the effects of fumes/dust/aerosol. Ensure adequate ventilation.
7 Handling and storage Precautions for safe handling Storage requirements:	Use only in well ventilated areas. Keep away from sources of heat and direct sunlight. Do not warehouse in subfreezing conditions. Store locked up.

Hygienic protection:	Keep away from foodstuffs and animal feed. Wash hands after use. Immediately remove all soiled and contaminated clothing. Wash hands after use. Avoid contact with the eyes and skin. Do not eat or drink while working.
Breathing equipment:	A respirator is generally not necessary when using this product outdoors or in large open areas. In cases where short and/or long term overexposure exists, a charcoal filter respirator should be worn. If you suspect overexposure conditions exist, please consult an authority on chemical hygeine.
Hand protection:	Nitrile gloves. The glove material must be impermeable and resistant to the substance.
Eye protection:	Tightly sealed goggles

9 Physical and chemical properties

 riysical and chemical properties	
Appearance: Odor: Odor threshold:	Aerosol. Aromatic Not determined.
pH-value: Melting point/Melting range Boiling point:	Not determined. Undetermined. -44 °C (-47.2 °F)
Flash point: Flammability (solid, gas):	-19 °C (-2.2 °F) Extremely flammable.
Decomposition temperature:	Not determined.
Auto igniting:	Product is not self-igniting.
Danger of explosion: Lower Explosion Limit: Upper Explosion Limit:	In use, may form flammable/explosive vapour-air mixture. 1.7 Vol % 10.9 Vol %
Vapor pressure: Vapor density Evaporation rate Partition coefficient: n-octonal/water:	Not determined. Not determined. Not applicable. Not determined.
Solubility: Viscosity: Water:	Not determined. Not determined. 0.0 %

10 Stability and reactivity

Reactivity: Conditions to avoid:	Stable at normal temperatures. No decomposition if used according to specifications.
Chemical stability:	Not fully evaluated.
Possibility of hazardous reactions:	No dangerous reactions known.
Incompatible materials:	No further relevant information available.
Hazardous decomposition:	No dangerous decomposition products known.
Incompatible materials:	No further relevant information available.

11 Toxicological information

LD/LC50	values tha	t are relevant for classification:
110-19-0	Isobutyl A	cetate
Oral	LD50	4,763 mg/kg (rbt)
13463-67	-7 titanium	n dioxide
Oral	LD50	>20,000 mg/kg (rat)
Dermal	LD50	>10,000 mg/kg (rbt)
Inhalative	LC50/4 h	>6.82 mg/l (rat)
67-63-0 ls	sopropyl A	Icohol
Oral	LD50	4,570 mg/kg (rat)
Dermal	LD50	13,400 mg/kg (rab)
		(Contra on normal)

Inhalative LC50/4 h >21 mg/l (rat)	
Information on toxicological effect	s: No data available
Skin effects:	No irritant effect.
Eye effects:	Irritating effect.
Sensitization:	No sensitizing effects known.
	5
2 Ecological information	
Aquatic toxicity:	Hazardous for water, do not empty into drains.
Persistence and degradability:	The product is degradable after prolonged exposure to natural weathering processes.
Other information:	This product does not contain any chlorofluorocarbons (CFC's), hydrochlorofluorocarbo
	(HCFC's), perfluorocarbons (PFC's), heavy metals (chromium, lead, cadmium), or chlorina
	solvents.
Bioaccumulative potential:	No further relevant information available.
Mobility in soil:	No further relevant information available.
Other adverse effects:	No further relevant information available.
3 Disposal considerations	
	state, and federal regulations. Do not puncture, incinerate, or compact. Partially empty cans must
disposed of responsibly. Do not heat	or cut empty containers with electric or gas torches.
Recommendation:	Completely empty cans should be recycled.
Recommended cleansing agent:	Water, if necessary with cleansing agents.
4 Transport information	
UN-Number	UN1950
DOT	UN1950
	UN1950
DOT	Aerosols, flammable
ADR	1950 Aerosols
Transport hazard class(es):	
Class	2.1 Gases
Marine pollutant:	No Mansing Casas
Special precautions for user: EMS Number:	Warning: Gases
Packaging Group:	F-D,S-U
UN "Model Regulation":	UN1950, Aerosols, 2.1
